

# NATIONS ON THE RED DOT

Engaging the Diasporas  
in Singapore

God has brought the nations to our little Red Dot. He has also opened doors for the church to reach these nations. The time is ripe to take our engagement to the next level for the sake of the gospel.

Spend half a day to be acquainted with the worldviews of our friends from Bangladesh, Vietnam, Myanmar and Japan. Take away practical tools to deepen personal friendships and begin spiritual conversations. Connect with others doing this work to sharpen and encourage each other so that God may be exalted among the nations (Ps 46:10).
